

Fintua is transforming how businesses manage indirect tax

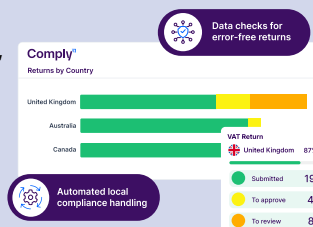

Fintua transforms indirect tax management through intelligent automation and seamless integration with your existing systems. Representing the fusion of decades of indirect tax expertise with next-generation SaaS technology, our platform is easy to onboard, simple to scale and built to adapt – so you can stay ahead of ever-changing regulations. Fintua brings VAT compliance, eInvoicing, VAT recovery and global payments together in one powerful, intuitive platform. With cutting-edge security at its core, you can trust Fintua to keep your data safe while you streamline compliance and focus on what really drives growth.

One unified platform for smarter indirect tax management

Comply^{FI}

Comply is Fintua's powerful indirect tax compliant solution, designed to help businesses overcome the complexity of multi-jurisdictional VAT. With intelligent automation, centralised control and integrated payments, Comply streamlines VAT returns, reduces risk and gives you confidence to scale globally.

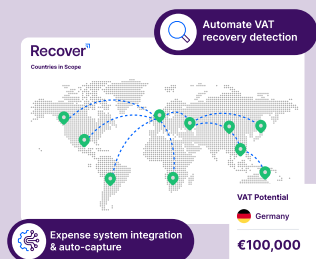

eInvoice^{FI}

With eInvoicing mandates and digital era tax reforms rolling out worldwide, legacy systems aren't built to keep up. Simplify, standardise and scale your eInvoicing processes with Fintua – across every country you operate in. One powerful platform. Zero guesswork.

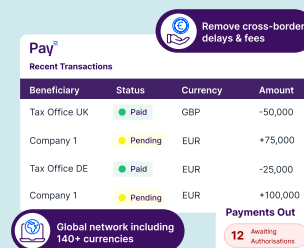

Recover^{FI}

Streamline and automate your VAT recovery process – across travel, accounts payable and more. Unlock maximum reclaim value with intelligent automation and seamless integration, designed to simplify every step of your VAT recovery journey.

Pay^{FI}

Pay simplifies and automates your global tax payment obligations, ensuring every transaction is secure, regulatory-compliant, and visible at every stage. With Pay your tax payments are fully aligned with your VAT reporting and eInvoicing activities, giving you one seamless compliance ecosystem.
